Data Structures & Algorithms (Ongoing)

ACHIEVEMENTS

Ongoing Learning: Java and Data Structures & Algorithms

Developed and deployed a responsive personal portfolio website
<https://piyush3011-sharma.github.io/portfolio>

Built multiple frontend projects using React.js, JavaScript, and Tailwind CSS

Actively improving problem-solving skills through DSA practice

Built multiple frontend projects including Quiz App, Zomato Clone, and Spotify Clone

Detail-oriented software developer with hands-on experience in web development, specializing in building interactive and responsive applications using HTML, CSS, JavaScript, React.js, and Python. Proficient in creating modern user interfaces and management systems, with ongoing development in Java and Data Structures & Algorithms. Eager to leverage technical skills and creativity to contribute to innovative IT projects in a dynamic software development environment.

PROFESSIONAL EXPERIENCE

LLM Model Trainer

Ethara AI • Remote • May 2026 - Jun 2026

- Analyzed and classified AI-generated responses to enhance model accuracy and performance.
- Reviewed and categorized outputs to ensure quality and relevance of AI-generated content.
- Provided actionable feedback to improve model outputs and overall system effectiveness.

PROJECTS

Personal Portfolio Website

<https://piyush3011-sharma.github.io/portfolio> • Jan 2026 - Jan 2026

[HTML](#) [CSS](#) [JavaScript](#) [React.js](#) [Vite](#) [Tailwind CSS](#) [Framer Motion](#)

GitHub Pages

- Developed and deployed a responsive personal portfolio website to showcase projects, skills, and contact information.
- Implemented modern UI/UX with animations, hover effects, and smooth scroll interactions.
- Built using component-based React architecture and responsive design principles.
- Integrated GitHub Pages deployment workflow for live hosting and continuous updates.

Hospital Management System

Python

- Designed and implemented a basic hospital management system for efficient data handling.
- Enabled CRUD operations for patient administrative workflow.

Quiz Web Application

[HTML](#) [CSS](#) [JavaScript](#)

- Developed an interactive quiz platform with real-time feedback for users.
- Implemented responsive design to ensure seamless user experience across devices.

Responsive Zomato and Spotify Clones

[HTML](#) [CSS](#) [JavaScript](#)

- Built responsive UI clones of Zomato and Spotify to strengthen frontend skills.
- Focused on layout accuracy, responsive design, and modern UI effects.

EDUCATION

Bachelor of Technology (Computer Science)

Computer Science Engineering •

Accurate Institute of Management And Technology •

Sept 2022 - May 2026
